

# Trail Historical Society Membership Application

The Trail Historical Society is attempting to expand its membership base and gain broader community support for its activities and the operation and maintenance of the Trail Museum, Sports Hall of Memories and Trail City Archives.

The Society requests you consider becoming a member in one of three categories noted below. In return for your support, you will receive free admission to the Museum for yourself and your family and a semi-annual newsletter containing Society news, upcoming events and historical notes. Corporate members will receive acknowledgement in the Museum and any Society publicity.

The Trail Historical Society is organized to collect, preserve and make available to the public, the history of Trail. We are very active in the community and hold monthly meetings in City Hall. With your support, we can continue to improve our facilities and undertake projects to celebrate our community's significant heritage.

JOIN US TODAY!
